- Welcome and Overview
- A brief intro to the Climate Advocacy Lab
- The ICC Short Film “A Big Win for Environmental Justice Organizers”
- Conversation with speakers around the Cumulative Impacts Bill S232
- Q&A
- Close

About the Climate Advocacy Lab

The Lab envisions a climate movement that collectively builds and wields the political power to ensure that all people are living in thriving, clean, and equitable communities...

...seeks to equip climate advocates with the insights, skills, connections, and support they need to build a multiracial, cross-class movement that can **organize at scale**, run campaigns to **win equitable solutions**, and **hold decision makers accountable**.

The Climate Advocacy Lab is here for you!
