National Tracking Poll #170401
March 30 - April 01, 2017

Crosstabulation Results

Methodology:
This poll was conducted from March 30 - April 01, 2017, among a national sample of 1995 registered voters. The interviews were conducted online and the data were weighted to approximate a target sample of registered voters based on age, race/ethnicity, gender, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

Table POL15: *As you may know, Congress must pass bills that authorize the federal government to spend money for a certain amount of time. When that time expires, the government must shut down until Congress passes a new spending bill. If the federal government has to shut down at the end of April because Congress cannot not authorize a new spending bill, who would you blame the most?*
